Frank Luis-Ravelo | Software Developer

(857) 504-5038 | 25 Devens St, Everett, MA 02149 | frankluisravlo@gmail.com | Linkedin

Web Developer Intern, Center Centre – UIE | Jun 2021 – Present (Remote)

Worked with a team of developers/mentors on projects from discovery to deployment.

- Implemented marketing approaches and customized sales funnel techniques into one comprehensive CRM system.
- Develop a general UI styles page to speed up development time. centercentre.com/ui
- Planned, developed, and tested multiple responsive email campaigns. (Mailchimp, Mailgun, HTML/CSS)
- Worked with a team to develop multiple company websites to promote several services and events. (WordPress, PHP, Laravel, and SQL)
- Participated in the Hiring process (Interviewing and reviewing Candidates), and trained newly hired Web dev interns.
- Wrote documentation for internal workflows and processes. (Notion, GitHub)

Web Developer Pro Bono, Just One Penny | Jul 2020 – Jun 2021 (Remote) – Demo

Shaped and supported Just One Penny's app by delivering and documenting reusable components, coded using TypeScript, React, and Node, ensuring cross-browser functionality and responsiveness.

- Collaborated with an agile team of 20 developers to build the MVP for Just One Penny's app.
- Developed a donation model to store user contributions within a MongoDB database.
- Developed CRUD routes and RESTful APIs using Express.js.
- Project management tools: Jira, Git, Github, Slack.

Software Engineer Fellow, General Assembly | Feb 2020 – May 2020 (Boston, MA)

Completed four major projects, developing, testing, and maintaining Web-based software throughout 12-week and 500+ hours of software development Bootcamp.

- **Featured project: ComeCriollo** — GitHub - Website: MERN stack application that aims to help people connect with small businesses in third-world countries. MongoDB, Express.js, **React**, and **Node.js**.
- **Featured project: InvApp** — GitHub - Website: A visual workspace that allows you to create, and edit visual tables. JavaScript, HTML, SCSS, JQUERY, **Ruby on Rails**, PostgreSQL.

Other Experience

General Manager, Otto Portland: Dec 2017 - Feb 2020 (Cambridge, MA)

Promoted from Supervisor to General Manager during my tenure. Improved labor costs by 10%, creating labor forecasts to plan budget more efficiently. Boosted sales creating promotions targeted toward students in the Cambridge area.

Code Mentor, MintBean: Jun 2020 - Dec 2020 (Remote)

Helped participants plan, develop, and troubleshoot projects for Mintbean Hackathons.

Education

Carabobo University, Venezuela 2014: Completed 95 credits towards BS in Telecommunication Engineering.
